

THEORETICAL COMPUTER SCIENCE SPECIAL ISSUE with papers from CAI 2017

<http://www.cargo.wlu.ca/CAI2017/>

Call For Papers

This special issue will include selected refereed papers presented at the Conference for Algebraic Informatics (CAI 2017) held June 25-28 2017, in Kalamata, Greece.

Guest Editors:

Prof. Dr. Manfred Droste
Universität Leipzig
Institut für Informatik
Germany
e-mail: droste@informatik.uni-leipzig.de

Prof. Ilias S. Kotsireas
Wilfrid Laurier University
CARGO Lab
Waterloo, Ontario, CANADA
e-mail: ikotsire@wlu.ca

Prof. Robert Rolland
Institut de Mathématiques de Marseille
Université d'Aix-Marseille
France
e-mail: robert.rolland@acrypta.fr

All papers will be refereed according to the high standards of TCS.

Specific topics include, but are not limited to:

- (1) Automata Theory and Logic
- (2) Cryptography and Coding Theory
- (3) Computer Algebra
- (4) Design Theory
- (5) Natural and Quantum Computing

Important Dates:

Submission deadline: November 30, 2017
First Author Notification: March 2018

Paper Submission:

Prospective authors are encouraged to submit their work by e-mail as .pdf file attachments to the Guest Editors. Alternatively we can also use EES if this is required by the journal. All paper submissions will be explicitly acknowledged by at least one of the Guest Editors.
